## Accommodation

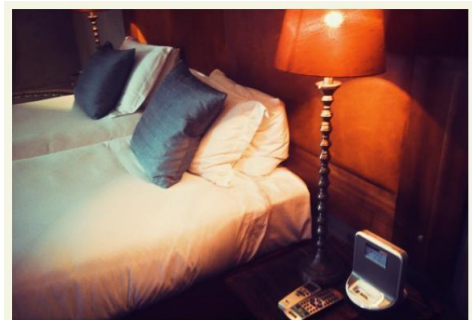

Hand crafted screens inlaid with fine fabrics and silks, antique doors and selected objets d'art, furniture from Africa and the East, and handmade ceramic tiles of beautiful hues and patterns create a layered visual experience in every room. Murals, pillars, plinths and frames crafted by local artists all contribute to the aesthetic experience.

Our suites are designed around your comfort: the bedrooms and bathrooms are spacious, and separated from each other by lush tropical gardens, creating a pleasant sense of privacy. All beds are king size and extra length, and our linen and robes are world-class quality.

As the sun sets over the wide sweep of the bay, guests gather for cocktails in the intimate and quiet area of the outside lounge and bar, enjoying a peaceful moment and listening to the sound of the sea in the air. After sundowners, Singa's gourmet dinner menus can be enjoyed in the private dining room, outside in the sitengi lounge, or privately in the suites.

After dinner, there is a choice of relaxing in the indoor or outdoor lounges and enjoying our fine selection of single malts and cigars personally selected by Singa's malt-enthusiast owners.

Additional amenities include a gourmet breakfast menu, secure parking, WiFi, DSTV and laptop safes in all rooms.
